### DBE Research Day 23 August

The program of the DBE Research Day 2017 is available on our website. We are looking forward to seeing you on 23 August in the Zentrum für Lehre und Forschung!

### Staff

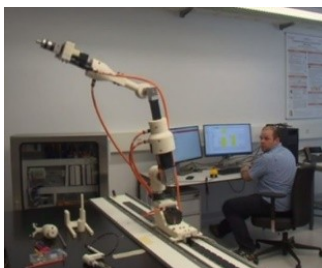

#### Fellowships MD-PhD

The PhD program in Biomedical Engineering financially supports up to two doctoral students in 2017 and another one by the beginning in 2018 with a background in medicine or dentistry during the year of the MD thesis. Please find the fellowship announcement [here](#).

Georg Rauter and Simone Hieber are new members of the PhD committee of the Medical Faculty. Bert Müller concluded his term as head of the committee. We wish Georg and Simone best success and thank Bert for his effort in the last years.

### Media

Researchers of the DBE have been featured in a RTS TV report about the Swiss Innovation Park Basel Area - see the video [here](#).

---

## General

---

A new “how to find us” for guests and visitors is now on the [website](#).

---

## Events

---

The Vice-Rectorate Research invites to an information event on Data Management Plan requirements for Swiss National Science Foundation and Horizon 2020 grants. The event will be held in English and will take place as follows:

31 August, 3.30 pm–6.30 pm: “Grant applications and Data Management Plans” at the University Library Basel, Vortragsaal 1st Floor

Please register [here](#).

Our department is part of the Switzerland Innovation Park Basel Area (SIP). The SIP cordially invites all DBE members to the Connect@SIP Event (including free drinks and snacks) in their new facilities close to the DBE:

Thursday, 24 August 2017, 4.30 pm–7 pm  
Gewerbstrasse 24, 2nd floor, 4123 Allschwil

The Department of Biomedical Engineering bridges the gap between natural science and medicine in order to improve procedures and technologies for medical treatment. It is a joint venture of the University of Basel, the University Hospital Basel and the University Children’s Hospital Basel.
